Adoption Contract

I, the undersigned:

- _____ 1. Certify that I am 19 years of age or older and I am adopting this animal as my own companion animal. I will not give the animal I am adopting as a gift, resell it, use it for breeding purposes, experimental purposes, vivisection, use it as a guard dog or as a food animal.
- _____ 2. Understand that animals are different from human beings in their responses to human actions; that the actions of animals are often unpredictable; that animals should be closely supervised when they are with children; that animal behavior may change after it leaves the shelter and accustoms itself to a home or other different environment.
- _____ 3. Understand that the Montgomery Humane Society makes no claims or representations as to the temperament, health, or mental disposition of any animal placed for adoption.
- _____ 4. Understand that the animals placed up for adoption by the Montgomery Humane Society are animals picked up on the streets by animal control or voluntarily surrendered by their owners, and that the Montgomery Humane Society has no knowledge or history of the animal's behavior or temperament.
- _____ 5. Agree to provide all proper and necessary care and treatment for the animal I have adopted from the Montgomery Humane Society, including, but not limited to: shelter, humane treatment, and veterinary care.
- _____ 6. Promise and agree that I will return the animal to the Montgomery Humane Society in the event I can no longer care for it. I will not give the animal to anyone else or abandon the animal.
- _____ 7. Agree that if the animal is removed from my home or otherwise confiscated by a third party, including, but not limited to, the police or a county animal welfare agency, because I have failed or neglected to provide all proper and necessary care and treatment, I understand and agree that the Montgomery Humane Society may direct the third Party to return the animal to the Montgomery Humane Society, at which time the Montgomery Humane Society shall have sole discretion to determine the proper disposition for the animal.
- _____ 8. Agree to have the animal immunized annually for rabies according to the Code of Alabama, Title 3, Chapter 3-7A. I understand that the cost of rabies immunizations is my responsibility.
- _____ 9. Agree to abide by all Federal, State, County, and Municipal laws controlling animals.
- Code of Alabama, Title 3
 - Montgomery County Code, Chapter 3
 - City of Montgomery Ordinance 29-2001
- _____ 10. Understand that the Montgomery Humane Society does not guarantee the health of any animals released from the shelter. The shelter does not knowingly release any sick animals. The circumstances and not knowing the origins of some of the shelter animals makes it impossible for to guarantee their health. The MHS does not have a Veterinarian on staff at the Montgomery Humane Society. Instead a courtesy health examination is offered so that I may potentially find any health problems that my new pet might have.
- _____ 11. Agree to take my new pet to a participating Veterinarian for a Courtesy Health Exam within the first three (3) workdays after adopting my new pet from the Montgomery Humane Society. I understand this Courtesy Health Exam is a basic visual exam and does not include any blood work, but it does include a worm check (fecal).

I understand that if the during the Courtesy Health Exam, the Veterinarian determines that further lab work or medical treatment for bronchitis, kennel cough, upper respiratory infections, worming, or other routine medical conditions, is necessary, that I am responsible for the Veterinary costs associated with any lab work or treatment provided.

I understand that the Montgomery Humane Society does not pay any costs toward the Veterinary treatment of an

adopted pet, and that I will not be reimbursed for any Veterinary bills incurred.

I further understand that if the Veterinarian determines the adopted animal is ill, I may choose to pay the Veterinarian for the treatment required, or I may choose not to treat the animal and return it to the Montgomery Humane Society for an exchange or refund within 10 days for a previously undiagnosed health reason verified by a licensed veterinarian. I understand that a refund will only be granted for verified medical reasons. Refunds will be mailed within 30 days.

_____ 13. I understand that I am adopting this animal with the following diagnosed condition or fault, and I realize that this animal may need further training or treatment for which I am responsible for the costs incurred for such training or treatment.

_____ 14. Agree that the Montgomery Humane Society makes no express or implied warranty, representation, or promise relating to my ability to obtain or maintain liability insurance for any personal injury or property damage caused by the animal. I understand that depending on the breed of the animal that I have adopted such liability insurance may be unavailable or denied.

_____ 15. Agree that the Montgomery Humane Society makes no express or implied warranty, representation or promise as to the age, health, breed, habits, disposition or safety of the animal. I do hereby, fully and forever release, acquit and discharge the Montgomery Humane Society and its officers, directors, employees, members, insurers and agents (collectively the "Released Parties"), from any and all manner of action and actions, suits, debts, claims, liabilities controversies, damages, costs, expenses, attorneys' fees, and demands of any nature whatsoever, whether compensatory or punitive in nature, including, but not limited to, any liability for personal injury or property damage caused by the animal to another animal or person, illness to the animal, or illness or parasite transmitted by the animal to another animal or person. I further promise and agree to indemnify the Released Parties against any and all liability incurred by the Released Parties, including, but not limited to, all judgments, settlements, penalties, forfeitures, fines, costs, expenses and actual attorneys' fees, that arise out of or relate to my adoption or ownership of the animal.

_____ 17. I understand and agree that if I do not adhere to these terms, if I have misrepresented myself, or if I have adopted the animal under false pretenses, the Montgomery Humane Society may reclaim this animal.

THE MONTGOMERY HUMANE SOCIETY
IN COOPERATION WITH PARTICIPATING VETERINARIANS
OFFERS A COURTESY HEALTH EXAMINATION

PLEASE READ CAREFULLY

With the help of the participating Veterinarians in the Central Alabama Area, the pet you have just adopted from the Montgomery Humane Society will be given courtesy health examination if presented within three (3) working days from the date of adoption to one of the Veterinarians from the attached list.

Please call the participating Veterinarian of your choice for an appointment. Advise the Veterinarian staff that you have adopted a new pet from the Montgomery Humane Society and you would like to schedule the Courtesy Health Examination.

We do not knowingly release any sick animals. The circumstances and not knowing the origins of some of our animals makes it impossible for us to guarantee their health. We do not have a Veterinarian on staff at the Montgomery Humane Society. Instead we offer this courtesy health examination so that you may potentially find any health problems that your new pet might have.

The courtesy health examination is basically a visual check of the animal. It does include a worm check (fecal), HOWEVER IS DOES NOT INCLUDE THE ADMINISTRATION OF LABORATORY TESTS, DRUGS, INJECTIONS, SURGICAL PROCEDURES, OR TREATMENT.

If your pet is shown to have any medical problems and you choose to treat these, the Montgomery Humane Society WILL NOT provide a refund or any reimbursement for such treatment. If you choose to provide treatment to the animal, you will be solely responsible for the Veterinary costs associated with such treatment.

Return of sick animals. The Montgomery Humane Society will take back a sick animal for a previously unknown illness (verified by a Veterinarian's diagnosis) and refund the cost of the adoption if the animal is returned within ten (10) days from the date of the adoption. To receive a full refund, ALL paperwork and tags must be brought in with the animal. If all the information is not brought in with the animal the refund will be issue less \$20.00.

The Montgomery Humane Society will not immediately exchange an animal returned for a medical reason. We will refund the adoption fee, and then the Montgomery Humane Society Director of Operations or Managing Director will evaluate each situation to determine the amount of time necessary before a new healthy animal is taken into a contaminated environment when a sick animal has been. (Normally 30 days).

THE MONTGOMERY HUMANE SOCIETY WILL NOT REFUND THE COST OF ADOPTION FOR ANY ANIMAL RETURNED FOR ANY REASON OTHER THAN MEDICAL.

Inoculations against the contagious diseases that needlessly kill so many pets each year are a wise protection. Dog distemper, hepatitis, cat enteritis, parvo, rabies and other small animal diseases can be prevented easily by following a proper vaccination schedule set up by your veterinarian. Preventing diseases through inoculations is extremely successful and infinitely more humane than treating such diseases once contracted.

As your pet grows older, take him or her to your veterinarian for regular check-ups. An examination may prevent illness, save suffering and worry, and prolong his life. Give your pet the veterinary care that will assure it a life of health, activity and comfort.

I am aware that the Montgomery Humane Society is not responsible for any bills incurred in treating a sick pet. If the animal is sick, it can be returned to the MHS within ten days of the adoption for a refund of my adoption fees. To qualify for a refund, the adopter must provide a statement from a licensed Veterinarian stating that the pet was medically unfit.
